DOMINION ORDERS IN COUNCIL.

[1384]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, the 26th day of June, 1913.

PRESENT:

HIS EXCELLENCY THE ADMINISTRATOR IN COUNCIL.

HIS Excellency the Administrator in Council is pleased to order that the regulations for the survey, administration, disposal, and management of Dominion Lands within the Forty-mile Belt in the Province of British Columbia be amended as follows and the same are hereby so amended, accordingly, viz.:—

Section 13 is amended by adding subsections (c), (d), and (e).—

(c.) *Small Holdings*.—The Minister may grant homestead entries to eligible applicants for vacant and available lands in areas not exceeding a legal subdivision of forty acres, more or less, or for such other areas less than one hundred and sixty acres as in his opinion it is expedient that the particular locality or parcels of land affected should be disposed of in the public interest or for the purpose of the settlement of disputes of conflicting claimants or for any other special reason.

(2.) The Minister may, in the case of lands deemed to be specially valuable, dispose of same in such areas and on such terms and conditions as to price and settlement duties as he may see fit; or may dispose of same at public auction in such areas and at such upset prices and such further terms and conditions as he may see fit.

(d.) *Right of Entry*.—Any person who has secured entry in the Railway Belt for less than a quarter section of Dominion lands may after approval of patent therefor again make entry as provided and after approval of patent in connection with the latter may make another entry, and so on. The right of homestead entry shall be deemed to include conditional purchase homesteads, and no person shall be permitted to acquire Dominion land in the Railway Belt under entry either as free homesteads or conditional purchase homesteads or both, amounting in the aggregate to more than the area of a quarter section.

(e.) *Conditional Purchase Homesteads*.—The Minister may grant entry to eligible applicants for areas not exceeding forty acres, more or less, as conditional purchase homesteads and may at his discretion apply this privilege only to alternate legal subdivisions of the parcels or tracts of land affected.

(2.) The entrant in such case shall pay for the land entered for at the rate of five dollars per acre, payable one-fifth in cash at the time of entry and the balance in four equal annual instalments, with interest at five per cent. per annum on the amounts unpaid, at the end of each year from the date of entry.

(3.) Cultivation duties upon the land entered for shall be required during each of five years after the date of entry or commencement of duties. Such entrant shall become entitled to patent after the expiration of the said five years, if the purchase price and interest have been paid in full and the residence condition fulfilled; provided that eight acres of the land entered for have been thoroughly cleared and stumped and cultivated, and an additional eight acres rough-cleared and seeded to grass or otherwise cultivated between the stumps.

(4.) Such entrant shall be required to reside on the land for at least six months during the last year of earning patent in a house which at time of application for patent must be worth at least three hundred dollars.

(5.) An entry for a conditional purchase homestead may be cancelled for failure to comply with any of the above conditions or for failure to perform a reasonable amount of cultivation duties during any one year before issue of patent.

(6.) An entrant shall not hold an entry for a homestead and for a conditional purchase homestead at the same time. An entrant for a conditional purchase homestead shall not be permitted to assign or transfer his right thereto before issue of patent.

The Minister may vary the forms in the schedule to the said regulations or amendments thereto and may adopt any new form that may be necessary.

Sections 23 and 24 of the said regulations are hereby rescinded. Section 29 of said regulations is hereby rescinded except as to entries made under it previous hereto which are now in force.

Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 19th day of July, 1913.

PRESENT:

HIS EXCELLENCY THE ADMINISTRATOR IN COUNCIL.

THE Minister of the Interior, under date 8th July, 1913, reports that the British Columbia Telephone Company has applied for a portion of the bed of the Fraser River, near Agassiz, B.C., over which the Company proposes to erect an aerial cable in connection with its long-distance lines;

The Minister states that the application has been favourably reported on by the resident engineer of the Department of Public Works at New Westminster,—

The Minister, therefore, recommends that he be authorized to issue a licence of occupation to the British Columbia Telephone Company for the portion of the bed of the Fraser River required; the said licence to be for a term of ten years, at an annual rental of \$10 and renewable upon mutual agreement between the Minister of the Interior and the Company; any construction operations on or over the bed of the river to be subject to the provisions of the "Navigable Waters Protection Act," chapter 115, R.S.C. 1906.

The Committee concur in the above recommendation and submit the same for approval.

THIS AGREEMENT, made in triplicate this 28th day of June, in the year of our Lord one thousand nine hundred and thirteen,

Between,

PACIFIC GREAT EASTERN RAILWAY COMPANY
(hereinafter called "the Company") of
the one part;

and

THE CORPORATION OF THE DISTRICT OF WEST
VANCOUVER (hereinafter called "the Corporation") of the other part.

Whereas the Company proposes to carry its railway upon, along, and across the whole length of Bellevue Avenue (formerly Gladstone Street), in District Lot Five hundred and fifty-five (555), in the District of West Vancouver, as shown on the subdivision plan of District Lot Five hundred and fifty-five (555), and deposited in the Land Registry Office at Vancouver, B.C., and numbered :

And whereas the Company has applied to the Corporation for its consent thereto as provided by section 157 of the "Railway Act":

And whereas at a duly convened meeting of the Municipal Council, of which the owners of property abutting on the said Bellevue Avenue were invited to be present, and held the 17th day of June, 1913, the following resolution was adopted by the said owners without dissent: "This meeting requests the West Vancouver Council to exercise the authority vested in them and pass a by-law forthwith, granting the Pacific Great Eastern Railway Company the necessary concessions on Bellevue Avenue in order that they may be enabled to proceed with their undertaking in accordance with the tenor of the agreement to-day submitted to the Council":

And whereas this is the Agreement referred to in said resolution, which the Company has agreed to enter into in consideration of the Corporation giving its consent by by-law to the said proposal of the Company:

Now, this Agreement witnesseth that it is hereby mutually agreed and declared in manner following:—

1. That in consideration of the covenants, promises, and agreements herein contained on the part of the Company, the Corporation hereby consents to the Company carrying its line or lines of railway upon, along, and (or) across centre sixty (60) feet only of said Bellevue Avenue, with a full, free, uninterrupted, and exclusive right and liberty to the Company, its successors and assigns for ever, to possess, occupy, use, and enjoy for all the purposes of its undertaking the said centre sixty (60) feet of said Bellevue Avenue, and to make and lay, from time to time and at any time, a line or lines of railway and all the necessary cuts, fills, bridges, buildings, and works, and to repair and maintain the same as occasion shall require.

2. The Company covenants with the Corporation to indemnify and save harmless the Corporation from all actions, claims, and demands for damages and compensation by the owners of property or any of them in said District Lot Five hundred and fifty-five (555), and by the owners of property abutting on Twenty-fourth Street in District Lot Five hundred and fifty-four (554), by reason of the construction of the Company's line of railway along the said Bellevue Avenue, and from all costs and expenses incurred by the Corporation by reason of any action that may be brought against the Corporation in connection therewith; and provided that, if any such action is brought, the Company shall have the right and liberty, if it so desires, of defending such action in the name of the Corporation.

3. The Company covenants with the Corporation that it will construct its line of railway between

Lonsdale Avenue, in the City of North Vancouver, and Horseshoe Bay on Howe Sound, and complete the same before the first day of July, 1914, and that it will complete that portion of the line between Lonsdale Avenue and Twenty-fifth Street, in West Vancouver, before the first day of January, 1914.

4. The Company further covenants with the Corporation that it will inaugurate and operate an electric or gasolene service on the last-mentioned portion of its line on or before the first day of January, 1914, and on the balance of the line to Horseshoe Bay on or before the first day of July, 1914. The Company agrees that the transportation service to be maintained by it shall be such as shall be agreed upon by the Company and the Corporation, and that the rates to be charged shall not be greater than those charged by other transportation companies in British Columbia for similar inter-urban transportation services. The Agreement to be made between the Corporation and the Company respecting the character of service to be furnished shall, amongst other things, provide for an hourly passenger service daily each way between the hours of 6 a.m. and 12 p.m. from the 1st day of May to the last day of October in each year, and for such passenger service daily each way between the hours of 6 a.m. and 12 p.m. during the other months of the year, as the traffic from time to time shall, in the opinion of the Company and the Corporation, reasonably require, and shall also provide for the Company's accommodating the increased volume of traffic at particular hours of the day and on holidays and other special occasions requiring a more frequent service. The Company shall not be bound (but it shall nevertheless have the right) to continue the said service after the British Columbia Electric Railway Company or some other transportation company furnishes a similar service at similar or lower rates as those agreed to be furnished by the Company; and in the event of the British Columbia Electric Railway Company or some other company furnishing such service at similar or lower rates for a portion only of the territory to be served by the proposed service of the Company, then the Company shall only be bound to furnish such service for the remaining portion of the said territory, provided through rates are not increased by any such partial abandonment.

5. The Company further covenants and agrees with the Corporation to provide stopping-places for the service mentioned in the preceding paragraph at such intervals (not exceeding one-fourth of a mile each) as the traffic from time to time shall, in the opinion of the Company and Corporation, reasonably require.

6. The Company further covenants and agrees with the Corporation that, in the event of any wharf being built in the District of West Vancouver at any point where the Company's line of railways is carried along the foreshore, it will fill in the whole of its right-of-way opposite such wharf to the level of the grade, so as to permit of access across its right-of-way between any such wharf and the land on the other side of the right-of-way.

7. The Company further covenants and agrees with the Corporation that, in the event of any street being opened by the Corporation to the water, it will fill in the whole of its right-of-way opposite such street to the level of the grade, so as to permit of access across its right-of-way opposite said street and will allow such access across its right-of-way.

8. The Company further covenants and agrees with the Corporation that, in the event of the Company deciding to build its line or lines of railway along Bellevue Avenue, it will amend its location plans accordingly, and that it will abandon its present application to the Department of Marine and Fisheries at Ottawa for a right-of-way of all the foreshore lands between the west boundary of Lot Five hundred and fifty-five (555) and west boundary of Lot D, District Lot Five hundred and fifty-four (554), in the District of West Vancouver.

9. It is hereby agreed and declared by the Company that its application to the said Department for a right-of-way through any foreshore land in the District of West Vancouver is limited to the actual land required for the right-of-way, and the Company hereby disclaims all foreshore or riparian rights that may be appurtenant to such lands.

10. The Company further covenants and agrees with the Corporation that it will construct and provide a level crossing over its said line of railway at the intersection of Twenty-fifth Street and Bellevue Avenue, with all necessary approaches or a subway thereunder if the Company and the Corporation jointly agree thereupon, in which latter case the Corporation shall, notwithstanding anything hereinafter contained, contribute one-half ($\frac{1}{2}$) of the costs thereof (but not more than one-half), and that the Company will construct, provide, and maintain an overhead bridge over its said line of railway at the intersection of Twenty-sixth Street and Bellevue Avenue.

11. The Company covenants and agrees with the Corporation that it will grant unto the Corporation from time to time, subject in each case to the approval of the Chief Engineer of the Company, and upon such terms and conditions as he may advise, leave and licence to lay down water pipes, sewers, gas-mains, and electric conduits across, along, and under the said right-of-way hereby granted.

12. The Company covenants and agrees with the Corporation that before it begins the construction of the said line or lines of railway along Bellevue Avenue it will clear and grade Bellevue Avenue on both sides of the said right-of-way, to permit of traffic thereupon, to the reasonable satisfaction of the Engineer to the Corporation.

13. The Company covenants with the Corporation that after the grading of its right-of-way along Bellevue Avenue it will do all necessary works to shore up properly the roadway on either side thereof, to make the same permanently secure for vehicular traffic, within a reasonable time after completion of construction to Horseshoe Bay, and that it will provide proper fences or barriers along said right-of-way whenever and wherever necessary.

14. The Company covenants and agrees with the Corporation that before it constructs its line of railway over any part of Marine Drive, in the District of West Vancouver, which is open for traffic, it will divert said Marine Drive at such places, and will procure any extra land that may be necessary therefor, and duly clear and grade the same and build to the same standard as now adopted by the Corporation all necessary culverts, bridges, or trestles that in the opinion of the Corporation may be required and to his reasonable satisfaction, the Corporation hereby convenanting that it will give all necessary consent to any such diversions of the said Marine Drive.

15. Should the cost of any work undertaken within twenty-five (25) years of the date hereof, in connection with the laying of sewers, drains, and water-mains along said Bellevue Avenue, in said District Lot Five hundred and fifty-five (555), for the service of lots abutting on said Bellevue Avenue, or in connection with the grading of any streets in District Lot Five hundred and fifty-five (555) that crosses or may cross said Bellevue Avenue, or in connection with the construction of any main, sewers or water-mains that may cross said Bellevue Avenue, in District Lot Five hundred and fifty-five (555), be increased by reason of the Company's line of railway being constructed on Bellevue Avenue, then the Company shall pay to the Corporation the amount by which the cost of any such work shall be increased as aforesaid; the amount of such excess to be computed and agreed upon by the respective Engineers of the Company and the Corporation, and in the event of their failing to agree thereupon, to be determined by arbitration, in which case the following provision shall have effect: The dispute shall be referred to two arbitrators, one to be appointed by the Company and one by the Corporation, or to any umpire to be appointed by the arbitrators, pursuant to and so as with regard to the mode and procedure of the reference and in all other respects to conform to the provisions in that behalf contained in the "Arbitration Act," R.S.B.C. 1911, or any then subsisting statutory modification thereof.

16. To enable the right-of-way of the railway and the Marine Drive of the Corporation to run side by side through that portion of District Lot Eight hundred and ninety (890), in said District of West Vancouver, where there is not sufficient room for the full width of both, the Company and

the Corporation respectively agree, each for itself, that each will reduce the width of its right-of-way or roadway, as the case may be, and construct such retaining-walls in such places as the Chief Engineer of the Company and the Engineer of the Corporation shall mutually agree upon.

17. It is hereby agreed and declared that all the covenants, promises, and agreements on the part of the Company herein contained are subject to the approval of the Minister of Railways being given to all those matters and things to which the said approval is necessary in accordance with the provisions of the "Railway Act."

18. Time shall be the essence of this Agreement so far as to secure substantial fulfilment of the Company's covenants as to construction and operation as in clauses 3 and 4 provided, it being understood, however, that non-completion to a trivial extent within the times named, or failure to inaugurate and operate the service for an inappreciable period, after the several dates named shall not be construed a breach of this Agreement to entitle the Corporation to claim liquidated damages mentioned in clause 19 hereof: Provided, however, that the Company shall be entitled to reasonable extension of time, in the event of its being delayed by acts of God, strikes, or other labour difficulties, or by reason of injunctions or other processes of the Courts.

19. In the event of the Company failing at any time to give the transportation service as in this Agreement provided, the Company shall pay to the Corporation, as and by way of liquidated damages for each and every day during which such default shall continue, the sum of one hundred dollars (\$100).

20. Notwithstanding the execution of this Agreement by the Company, the Company shall have the right, within twenty-one (21) days from the date hereof, of giving notice to the Corporation—by registered letter addressed as follows: The Corporation of West Vancouver, Hollyburn, B.C.—that by reason of its not being able to make satisfactory arrangements for a right-of-way with property-owners it cannot proceed with the construction and operation of said line of railway, in which event both parties hereto shall from the mailing of said registered notice cease to be bound by these provisions, and this Agreement shall absolutely be determined and cease to have any force or effect.

21. Nothing in this Agreement contained shall in any way be deemed to prejudice the rights which the Corporation may otherwise have or hereafter have under any Statute in regard to matter or thing not herein specifically dealt with.

22. This Agreement shall enure to the benefit of and be binding upon the successors and assigns of the parties hereto respectively.

In witness whereof the Company and the Corporation have executed these presents under the hands of their proper officers the day and year first above written.

The common seal of the Corporation was hereto affixed in the presence of—
